SIZING

A common size for wedding cakes tends to be the 10" 8", 6" tiered

Depending on your guest count, you can choose to add more tiers or order a supplemental cake.

Many people have the supplemental cake, which is a sheet cake that is not displayed, rather than adding more tiers.

If you are interested in just a cutting cake because you are offering other desserts, you can get our smallest size cake, the 4" up to a 12" cake. Many opt to still have the tiered look and do the 8" and 6" tiered.

***IF YOU ARE CONTEMPLATING OTHER DESSERTS OR A SWEETS TABLE, WE WOULD LOVE TO HELP YOU WITH THAT! PLEASE EMAIL US FOR MORE DETAILS.*
